

# TRAINERS

Written by: *Mary Freund*,  
a volunteer Trainer of Trainers

Tune: *Barges*

Early in the morning or late into the night  
I can see the Trainer's guiding light.  
Cheerfully teaching, singing, playing, too  
With the plans they've made and followed through.

Trainers, use your talents and your skills  
And the three part promise you'll fulfill  
Trainers, Scouting's future lies with you  
As you teach and guide the leaders new.

This song comes from Wichita Area Girl Scout Council, Inc. Wichita, Kansas.  
Their stated purpose is: to use it for "Celebration" when a trainer completes her training.

Thank you,
